INSTRUCTIONS

Step 1 – To make the papier-mâché paste, with the help of an adult, mix 1 cup water, 1 cup flour and 2 tablespoons of table salt together until the mixture is smooth – like heavy cream!

Step 2 – Tear a newspaper into strips.

Step 3 – Blow air into a balloon until its full and secure it with a tight knot.

Step 4 – Pour some papier-mâché paste onto a tray or container and dip a piece of paper in.

Step 5 – Shake off the extra paste and place the paper on the balloon. Smooth out the paper with your finger or a paint brush.

Step 6 – Cover the whole balloon with papier-mâché, add 3-4 layers and leave to dry.

Step 7 – Once it's dry, ask an adult to pop the balloon with a pin, then start decorating!
